

NEW 'VIRTUAL OFFICE' OPENS

Above: Gareth Gould and Rachael Hodnett of Kemp & Kemp Residential.

Kemp & Kemp Residential has just launched its third virtual office to cover North Oxfordshire & Aylesbury Vale.

The other two virtual offices cover South Oxfordshire and Witney/West Oxfordshire and Cotswolds.

Rachael Hodnett spearheads the company's country practice – from cottages through to modern detached homes, she has established a reputation for service, attention to detail and relentless pursuit of achieving the best possible results for her clients.

The difference between this virtual office and the others that Kemp & Kemp Residential have 'opened' recently is that there will also be a lettings division. Gareth Gould has a 15-year career in property under his belt and he has carved a niche in residential lettings and management in North Oxfordshire. He and Rachael have both worked in the company's main Summertown office for some while and are genuinely part of the team.

Rachael and Gareth are experienced in advising clients and working with them to ensure that their property needs and expectations are met and the prices achieved by Kemp & Kemp Residential in Oxfordshire consistently outperform their competitors. Both Rachael and Gareth know the area well as they have lived and worked here for a number of years and can, therefore, give clients first hand advice about the schools, facilities and advantages of individual villages or locations.

Rachael comments, "There are many wonderful houses and villages in North Oxfordshire and the Aylesbury Vale and I am looking forward to catching up with former clients and establishing new relationships but, most of all, bringing a new and refreshing form of modern estate agency to the area."

Email Rachael Hodnett on rh@kempandkemp.co.uk or Gareth Gould on gg@kempandkemp.co.uk or contact the office on 01865 510000. www.kempandkemp.co.uk
